

Raising Money to Raise the Bridge!

Amenities at Valdeese Lakeside Park are moving forward thanks to state grants and local donations. Combined with \$277,00 from the community, a \$200,000 NC DEQ grant will start the 10-foot-wide crushed cinder **greenway** and a \$285,000 NC PART grant will provide **restrooms, picnic area, dog park, wildlife viewing platform, kayak launch, parking and entry road**. Funding from the final grant for the bridge did not come through. But that will not stop us from raising the bridge!

Donations are needed for the bridge across McGalliard Creek to complete the 2-mile greenway between McGalliard Falls Park to Valdeese Lakeside Park.

If we are not able to raise enough money for the bridge, donations will go to amenities.
